TO: CAW Local Presidents in Nova Scotia and New Brunswick

Dear Sisters and Brothers,

This is to advise that we have CAW members working at the “gas bar” at Co-op Fuels, Amherst Branch.

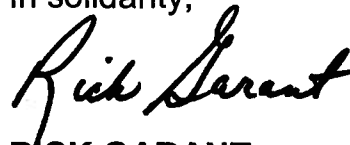

I am asking that you keep this in mind while travelling between Nova Scotia and New Brunswick and if you need gas, please make any effort you can to support your brothers and sisters by filling up at the gas bar located at 17 Lawrence Street in Amherst off the LaPlanche Street exit.

This workplace is having a rough time financially, and there is concern that it could affect our membership.

I believe it is important to support CAW members where possible by frequenting unionized workplaces.

Thanks for your consideration.

In solidarity,

RICK GARANT
National Representative
