

ADOPT A PICKET LINE

The UPCE Workers of the Public Service Alliance of Canada have been on strike now since November 17, 2008. Over the past weekend they voted to reject the employer's final offer. That offer was to remove their sick leave and family related leave provisions from their current collective agreement. Today they walk the lines again and their struggle is our struggle.

We are asking your support on one of the picket lines below. Your local or your committee can adopt one of these picket lines and have three or four people walk with our workers in support.

Please contact Cathy Ollerhead at 222-8887 and/or report to one of the lines on the schedule below.

Lines are run:
